

SCRAPBOOK Project

Ages and Stages

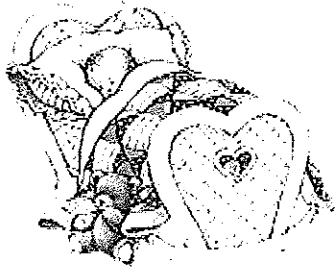

1. Make a notebook cover out of fabric
2. Gather pictures of each stage of your pregnancy or baby's growth. (before birth to present age) If you have pictures of your ultra sounds these would be great to use before birth. Dad's you can place picture of what you looked like.
3. Once a month you will create an ages and stages page for your scrapbook. These pages are your own creations. They are your BRAG pages of your pregnancy or baby. Make it colorful . If you don't have a picture for each month before you started the scrapbook, then just add clip art. These pages can be done anyway you want to design them.

On the descriptions sections, write about the following things that are currently happening to your baby this month or your pregnancy. You may add more than this but it must contain the following 3 points at minimum:

1. Baby: Age of baby at this month and height and weight if possible to plot on growth chart
2. What new things is the baby doing- new words, crawling, first steps, new teeth, first food , held head for first time, rolled over etc
3. Write a little about their personality- what kinds of behaviors, mannerisms are they doing: staying up all night, loves to get tickled, loves to play peek a boo etc.

For pregnancy, write about what was happening with you during each month. (Nauseated every morning, was craving lots of chile, chocolate, ice, Every night you had to get up and eat a pickle etc.)

Name _____
